

Pressure Sensitive Vinyl Letters

Vinyl. Precision cut from Type 200 vinyl film and placed on silicone-coated backing tiles. Conform easily to most surfaces and exhibit excellent weather, solvent and aging resistance. Available in 20 colours.

Reflective. Ideal for improving daytime, low-light and night time visibility with "bounce-back" reflectivity from a light source. Colour: white.

Luminescent. See characters in the dark. "Energized" by any light source, the material will glow. Colour: green-yellow.
