

**Flexible PVC
Decals**

Makes your product identification and logos come to life! Molded, flexible PVC Decals are commonly referred to as rubber patches, plastic patches or silicone labels. A unique alternative to silkscreening and embroidery. These 3D flexible, PVC rubber-like garment decals are easy-to-sew, heat-seal or glue. They withstand washing, drying, dry-cleaning, sun, cold and the most demanding situations.

Flexible PVC Decals. One colour 3D colour imprint on one colour background. Square corners. Plain back. Prices each decal.
