

Embossed Aluminum Letters

Natural hazards – ultraviolet radiation, temperature extremes, creosote leaching and salt spray – don't affect these rugged, mill finish aluminum numbers and letters. Their embossed profile reflects light to provide easy reading from any angle. The preferred pole marking system for over 80 years. 0.100" diameter holes.

Available in letters (A thru Z), numbers (0 thru 9), dash (-) and ampersand (&). Supplied in boxes of 100 of the same character.
